Senior History

Our class isn't the biggest, but we certainly are unique. We have quite a spread of talents and interests, from amazing artists, to great athletes. But our talents don't end on stage or on the field, they extend into the classroom as well. We have classmates with truly genius potential. Our past four years have been, well, interesting. We have seen a multitude of changes, some for better, some for worse. Despite all the obstacles we powered through and made the most out of our four years.

Freshman year was a blur. Things happened so fast you think back and barely remember what we did. We started out in the fall with finding out who our class advisors would be. We were lucky enough to have Mrs. Fowler and Mrs. Wonsey. Next, we chose our class color of pink. A questionable choice at first but in the end it worked out fairly well. For booster week we went along with our class color and chose Kirby to be our float making theme. Our booster day royalty were Spencer and Danielle, who lead us through the streets in the booster day parade. Later that fall the dynasty began. Football set into motion what would become a historic run. On Turkey day we broke the four year losing, beating Greenfield 7 to 6. Our team also made it into the playoffs that year. Basketball rolled around and they kept up the high expectations and made it to playoffs as well. Softball rounded out the year by being crowned State Champions. Freshman year we also established our annual fund-raisers of Mum sales and Santa's Breakfast. That year the play was Bye Bye Birdie, where many of our classmates started their acting careers.

Sophomore year was a bit different from Freshman year. We came to school in that fall to see we had a new principal, who Ms. Gardener would later self-proclaimed herself as, "Your fearless leader". She also created the slogan, "We are Turners Falls and we do things right.". Another drastic change that occurred was the elimination of float making. Other than those changes two Sophomore was a lot like Freshman year. Football beat Greenfield 2922 on Turkey Day and made it to playoffs once again. Basketball also made it to the playoffs that year. Baseball would make a run in the playoffs, but couldn't pull it out. Softball was able to take home another State Championship. The play that were was Annie, where our class continued to shine.

Junior Year rolled around and once again we had a new principal. Mr. Osborn, came in strong and enforced a strict drink policy. We coped with that and once again made the best of our situation. We found a substitute for float making, instating hallway wars as a new Booster Week tradition. Amidst all the changes we kept on doing what we do best, winning. For the first time in the history of Turners Falls we beat Greenfield three times in a row on Turkey Day. Football also made brought home a Western Mass Championship. Basketball continued their playoff streak. But the spring was where our teams represented our school well. Baseball made it to a Western Mass Championship for the first time in our career. Unfortunately, we were unable to take it home. But softball picked up the slack and brought home a Western Mass Championship. The play that year was Legally Blonde, where some of classmates took the lead roles.

Senior year was by far the best. But it didn't come without its fair share of challenges and changes. Our time to park in the front row had finally come. GAP changed from the end of the day to the morning. There was no powder-puff game. But among all the inconsistencies there remained the constants we had grown accustomed to expect. It was another fantastic year for sports. Football extended the winning streak to four years, and finished out a perfect career making it to playoffs for four years in a row. We also won the League, going undefeated in the regular season, and put up a banner. Basketball did the same, making it to the Cage and winning the league. Field Hockey joined the mix making it to playoffs as well. Swimming had a great season making their presence known at the Western Mass Meet. While the history of baseball and softball remain unwritten, we expect great things. The play was Beauty and The Beast and starred one of our own. We will finish out a great year with our East Coast Adventure. Starting at the school and ending the Baltimore, Maryland, with a number of stops in between. Soon after we return home we will be walking down the aisle on our way to Graduation.

In our four years one was never like the last. We experienced quite a bit and learned a lot along the way. But like all good things it has to come to an end. We left our mark on our school with countless banners, numerous championships, and four great years.

Samantha Currier

Samantha,

We have watched you grow from an adorable chubby little baby to a beautiful young woman. From Barney the Purple Dinosaur songsand dances to swim meets, volleyball games and proms. We have always been so proud of you and your accomplishments. While it's hard for Grammy's and Grampy's to see our "babies" grow up so fast, we know that you will continue to make us proud. As you take this next step in life, know that we love you very much and are wishing for you continued success and a life that is fulfilling and joyful. We love you, our cutie patto-tie..xoxo

Grammy & Grampy

Samantha,

The time is here....the day you take your next step, spread your wings and fly. Where did the time go? The day you started pre-school, we knew you would achieve and challenge yourself to become the person you are today. We are so proud of the beautiful, confident, kind and humorous woman you have become. We have cherished every milestone throughout your years and as you move on to the next steps in your life, we will always be there cheering you on and supporting you. No matter how old you get, you will always be our Doodlebug. Keep smiling and always give more than you take. The future has so much in store for you. Live it to the fullest and never regret. We love you to the moon and back!!

Love, Mom, Dad and Maddie

Monica, I'm so proud of you and so happy for you. I'll always love you! You'll always be my little princess!
I love you, Love Dad

Monica, words can't describe how very proud of you I am. When you were a little girl and we became a family, I had so many hopes, dreams, love, and inspiration for you and little did I know the inspiration you would give and become to me. The love, hope, and dreams you gave all of us. Your individualism is simply amazing. To think your just starting the next chapter in your life is over powering, with how far you've come and the amazing person you are. You have the whole world ahead of you. Always be true to yourself and never forget how truely amazing you are. You have so much to offer the world, and all our love and support.
I love you!
